A wholly owned subsidiary, Benguetcorp Nickel Mines, Inc. (BNMI) has received today, July 1, 2015, from the Mines and Geoscience Bureau (MGB) Region 3 an Order dated June 23, 2015, suspending the ore hauling activities of BNMI as well as of other nickel mining companies in Sta. Cruz, Zambales. The Order is limited to ore transport from the minesite to the port only, and does not affect other aspects of its mining operations. The receipt of the Order comes at a time when BNMI has slowed down its mining operation due to start of the rainy season and when no shipment revenues are expected. The MGB has earlier set conditions for the lifting of the suspension and BNMI has been continuously complying with the conditions, some of which involve activities that take longer period to complete and where the Local Government Unit (LGU) and other government agencies (i.e., Bureau of Fisheries and Aquatic Resources (BFAR), Regional Investigation and Assessment Team (RIAT), etc.) are participatory, over which BNMI has no control. It is expected that the suspension will be lifted by the MGB as soon as the update of BNMI's compliance to the conditions, submitted on July 1, 2015, has been validated. In the meantime, BNMI will be implementing care and maintenance works in the mine site and preparing for the next mining season which will start in October, and by which time, the suspension will have been lifted.
